

Equipment Curator – *Mike Price*

No changes of allocation of equipment to report.

The inventory of HCA equipment held by the respective county captains is as follows:

Team	Captain	Clocks	Boards	Sets
U160	Mike Price	40D + 9A	34	38
U140	Sanjay Vig	19A	18	19
U120	Peter Baker	32A (16 working)	32	16

The digital clocks were used at the Capel, Burn & Bunce individual tournaments early in the season, and subsequently at U140 home matches and the U140 quarter-final in May.

I propose that Sanjay should take possession of some of the digital clocks, as the U140 team participating in SCCU have responsibility for supply of equipment for their home matches. Suffolk and Norfolk tend to supply the equipment for the EACU U160 matches, so there is not the same demand for equipment.
